RILEY SHAPIRO
FOR JUNIOR PRESIDENT
11TH Grade

My name is Riley Shapiro and I am currently the Junior Vice President for ASB. As a student here at Beverly I have tried my best to get involved in as many extra curricular activities as possible.

Aside from ASB I have also explored the areas of Photography and Film by taking our Photography and KBEV electives. Athletically I've participated for one year on our Volleyball team and will be starting my third year as a Lacrosse player. I've also applied myself to several out of School Clubs such as our Link Crew and the secretary of the L.E.T.S. club.

APPLICABLE SKILLS / EXPERIENCE:

My most valuable asset is probably my experience. Having served ASB for one term as Vice President I have learned the ropes and look forward to putting this experience to use. In addition to this experience I am a diligent and dedicated worker who comes to class everyday with an optimistic and bright attitude.

IDEAS / PROJECTS / ACTIVITIES IMPROVING BHHS:

I want to start to work with the entire school rather than just our small classroom. To continue with my theme of working together I would like to slowly bring all four grades together in our common purpose of making this a better school. I would like to increase my class's funding in order to make useful and fun events for the entire student body. Lastly, in these events I would like to see an upward trend in student participation and maybe even offering incentive for participation.

Mazal Sarafian
FOR Junior President
11th Grade

I'm Mazal Sarafian, a Junior at Beverly! Last semester, I was the Junior Commissioner of Apparel and Publicity. I have been on Beverly's Soccer program since Freshman year, and this year I am head captain of my team. I have been in the Art Program for two years. This year, I am a Teacher's assistant for Ms. Goler's English class. Before high school, I went to Hawthorne Elementary and Middle School.

APPLICABLE SKILLS / EXPERIENCE:

As a member of last semester's ASB, I helped plan Homecoming by hiring people for Tailgate and coordinating with performers for the halftime show. I also helped with research for Homecoming themes, decorations, and pricing for various items and activities. I am involved in many clubs, including the American Sign Language Club, the Campaign for Real Beauty Club, and Link Crew. As a teacher's assistant, I am able to communicate with students in every grade, staff members, and even parents. I have experience handling money and filling out important forms for events and purchases. I have experience planning events, raising money, and advertising due to my involvement in my temple's youth group at Sephardic Temple and my recent semester in ASB.

IDEAS / PROJECTS / ACTIVITIES IMPROVING BHHS:

I have many ideas for projects and activities to improve Beverly! Some of these ideas include a drive-in movie night, a Senior Scavenger Hunt around Beverly Hills, and fun spirit events like locker-decorating contests and dress-up days. I am always open to suggestions from students all around the school, and I look forward to hearing what everyone wants ASB to offer! I truly believe that if we make the school a more enjoyable place to be, Beverly can come together as a family and create memories that all students will look back on with pride.

ALLY WEISFELD FOR JUNIOR VICE PRESIDENT

11th Grade

Hi, my name is Ally Weisfeld and I'm in 11th grade. I have been a part of many different clubs and sports at Beverly. I am a cheerleader and have played softball since freshman year. I was also a member of the GLI club and Peer Counseling. I am now a TA for the Life Skills class and I am in Link Crew. I have been in ASB and love the class. I hope, with your help, I will be able to be a part of ASB next semester.

APPLICABLE SKILLS / EXPERIENCE:

I have been in ASB freshman and sophomore year so I understand how the class runs and how much work is needed to make it great. I have a lot of school spirit and I take pride in making the best out of my time in high school. I really love Beverly and hope I can help everyone to have the best experience by making Beverly the best it could be. Through my time in ASB I have seen how events are made and what work is necessary for them to run smoothly and I am more than willing to aid in that process. I am dedicated to helping my school and ASB and to make this semester a great semester for everyone.

IDEAS / PROJECTS / ACTIVITIES IMPROVING BHHS:

Being outside of ASB opened my eyes to all the things that I would like to see ASB do and all of the events and improvements that could be made. Our school does not have the most spirit and I, being a cheerleader, find that upsetting. I want to try and make students see that school can actually be enjoyable if they let it. I have had a wonderful time at the high school because I went for everything I wanted to do. Students at our school are exceptionally advanced academically and need to be shown that there is more to high school than showing up and getting grades. All the extra events and extra curricular activities are what makes our school and the high school experience amazing. My goal is to make that happen for my fellow Normans.

**Chloe Barroukh
FOR
JUNIOR VICE PRESIDENT**

I deserve to be a part of ASB for the spring semester of 2014 because of my previous experience, my creativity, and my enthusiasm. I worked hard in ASB during the 2012-2013 school year, and hopefully

I can do so next semester. I went to every event while I was in ASB and even when I wasn't in ASB. I show my spirit by participating in almost every event the school does, including the minor spirit days such as College Tuesday. I have run every semester that I was eligible and will continue to do so because I enjoy this class and planning many fun events for the student body.

My creativity and my ideas will help me to succeed in Associated Student Body because it is not easy to come up with ideas, but it is a vital component of the elected individual. I will use skills such as organization and my artistic views to engage the student body to get involved in activities, events, and general school spirit. My sheer enjoyment of student government allows me to be continuously engaged in school activities. Although I was not a part of ASB this past semester, I participated in every event that I was able to, and I participated every spirit day as well. Remember to vote for the strongest candidate, not the most popular candidate.

VOTE CB FOR VP!

LUCAS HARWARD
FOR JUNIOR VICE PRESIDENT
11th Grade

Hi, I'm Lucas Harward, and I am striving to become your second semester Junior Vice President. Before Beverly I went to Horace Mann and Beverly Vista middle schools, and I am currently a member of Beverly's Boys tennis team. I love to lead and I feel that I can help our junior class take a big step forward in preparation for our senior year.

APPLICABLE SKILLS / EXPERIENCE:

As I said above, I have a passion for leading and I feel that my leadership qualities, along with my drive to work hard and improve myself every day, make for a successful candidate. I am very active in the work I do for ASB and I never back down from a job, no matter how difficult it seems. I have been in ASB for two semesters, the first as a sophomore commissioner and last semester as the Junior President. This bulk of prior experience has fully prepared me for any task ahead. Failure is not an option in my eyes.

IDEAS / PROJECTS / ACTIVITIES IMPROVING BHHS:

Trash is still a problem at this school, and there is certainly a lack of trashcans, so I think more trashcans are needed in the halls and on the front lawn. We also need to encourage student participation, so we can put certain emblems on lockers or backpacks to show participation in a certain sport or club. Lastly, I want to help raise school spirit by organizing better events and making kids passionate about their school and education.

Emily Robinson
Junior Representative

My name is Emily Robinson and I am running for ASB Junior Representative for a second semester! I am a junior here at Beverly Hills High School. I take core classes like physics, FST, English, and History. I am also involved in a few clubs like Teens Making a Difference and L.E.T.S. I am running for Junior Representative again to really be able to connect ASB even more to my whole class. As a Junior Representative I feel the need to communicate more with my peers. A goal would be to have as many juniors as possible to come to me to give ideas for improvement in events or the school in general. I would like to contribute to ASB by creating more awareness of school events. Being able to involve the whole school in all our events

is a goal of mine.
